## RACING THE DARK SIDE

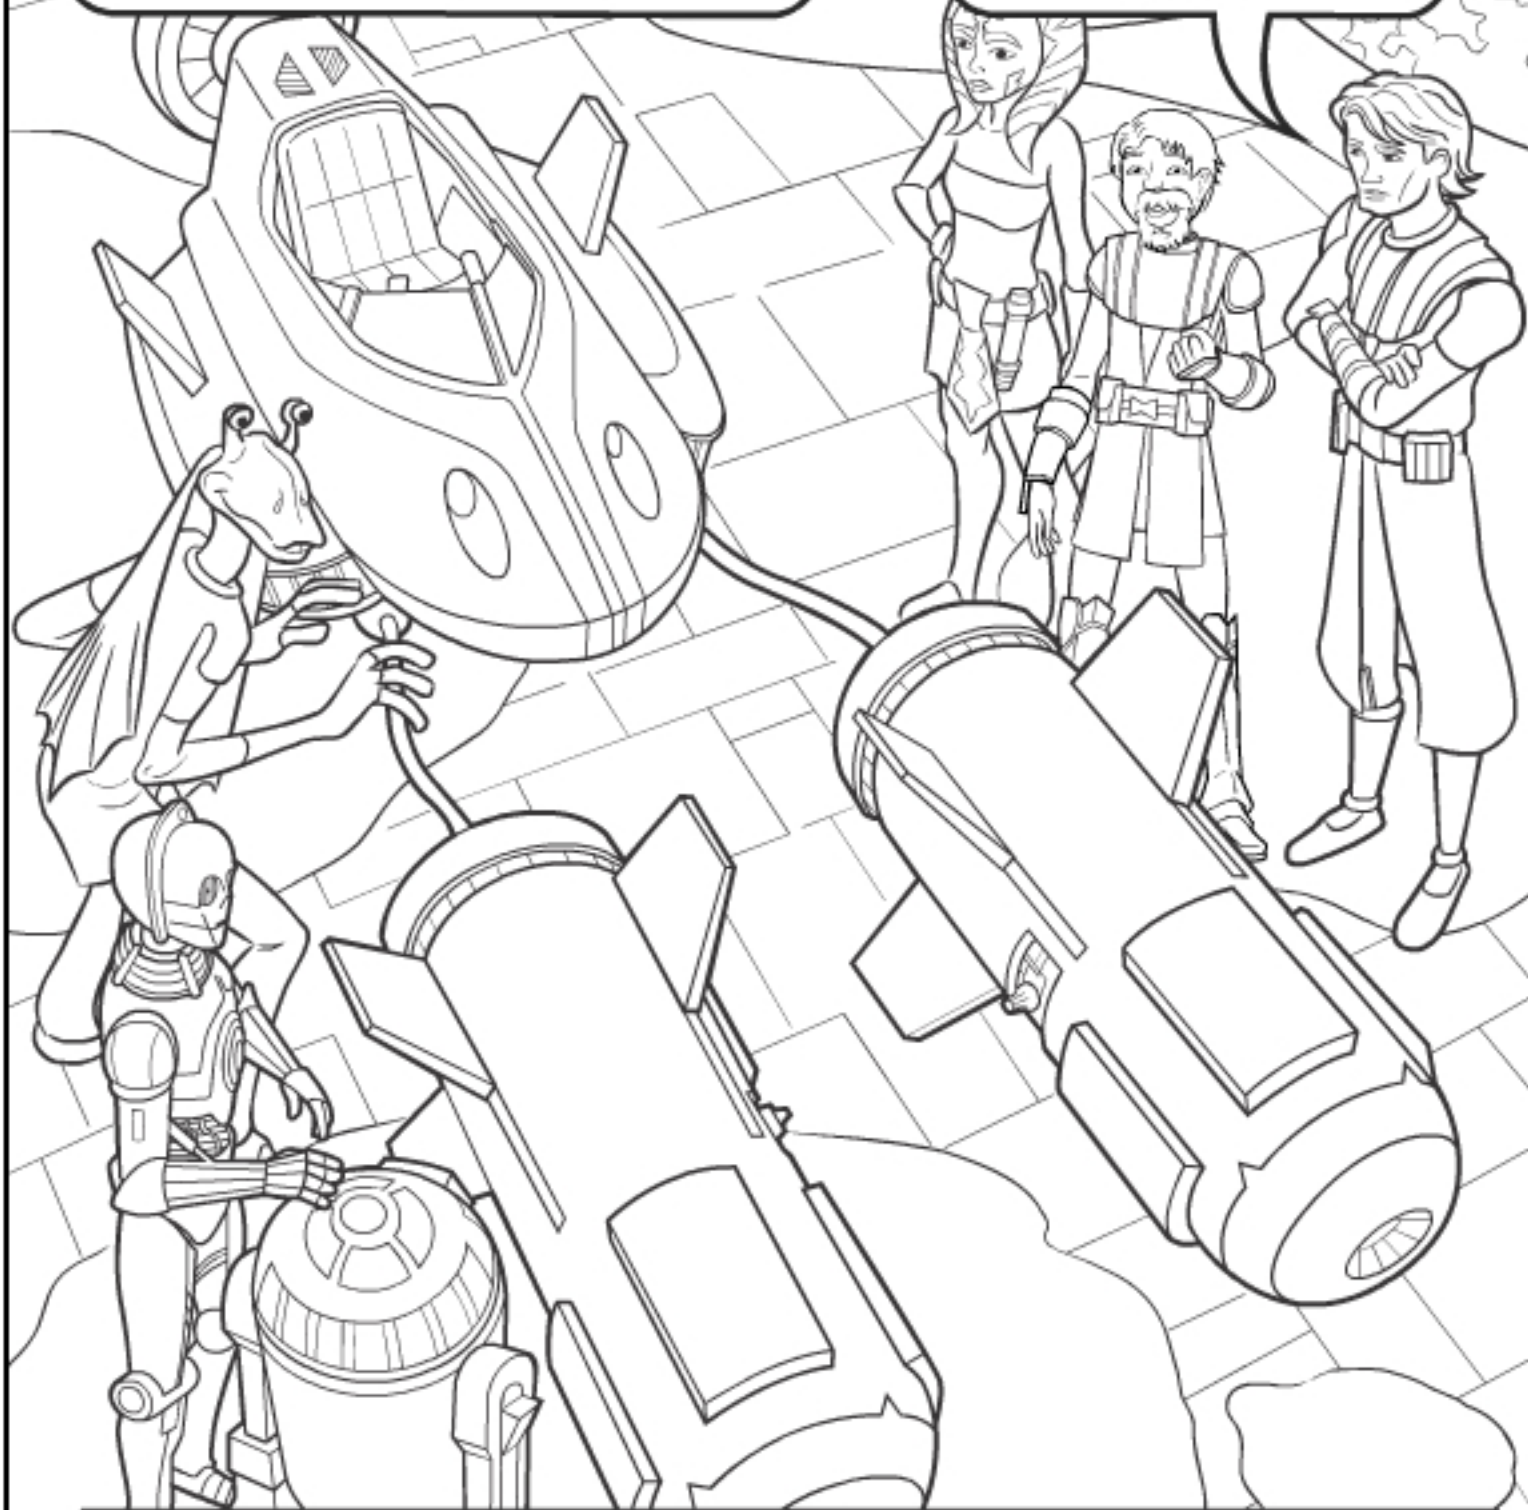

STARRING  
**Clemens**

A long time ago in a galaxy far, far away....

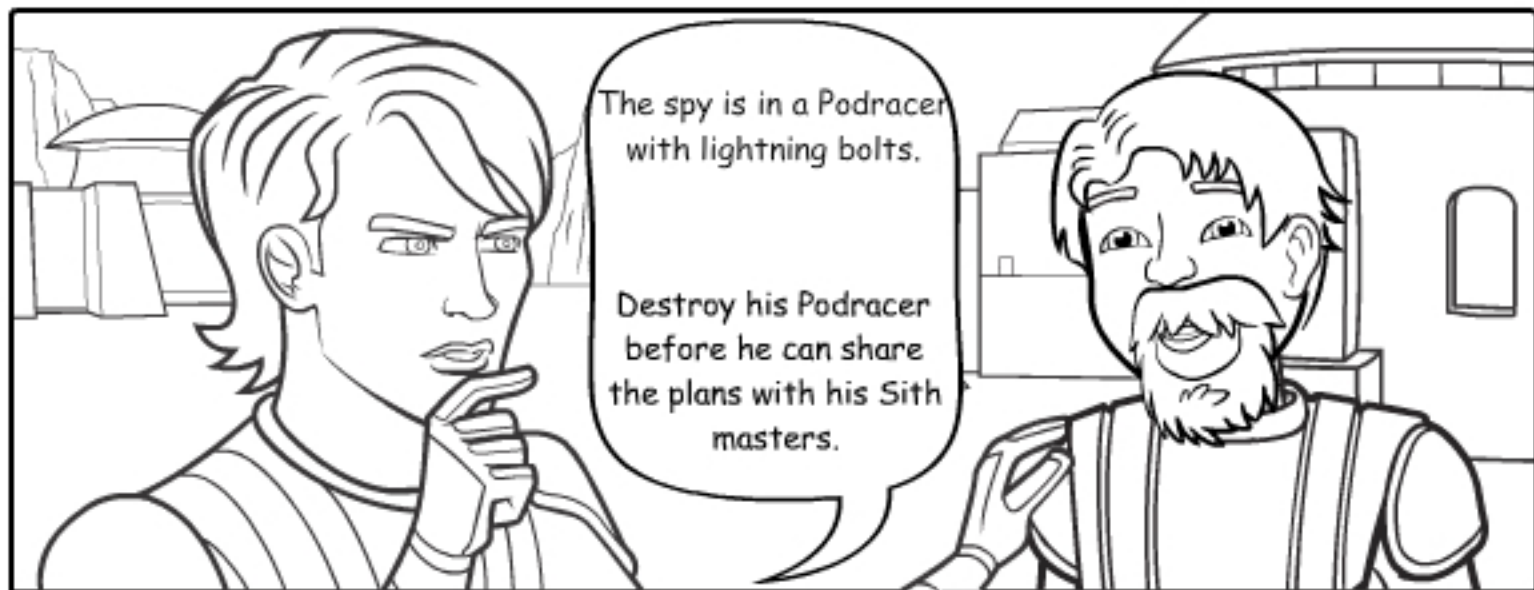

Padawan Clemens, your mission is simple but filled with danger. You must take part in the Podrace today.

A Sith spy has stolen a map of the Jedi Temple and hidden it inside his Podracer.

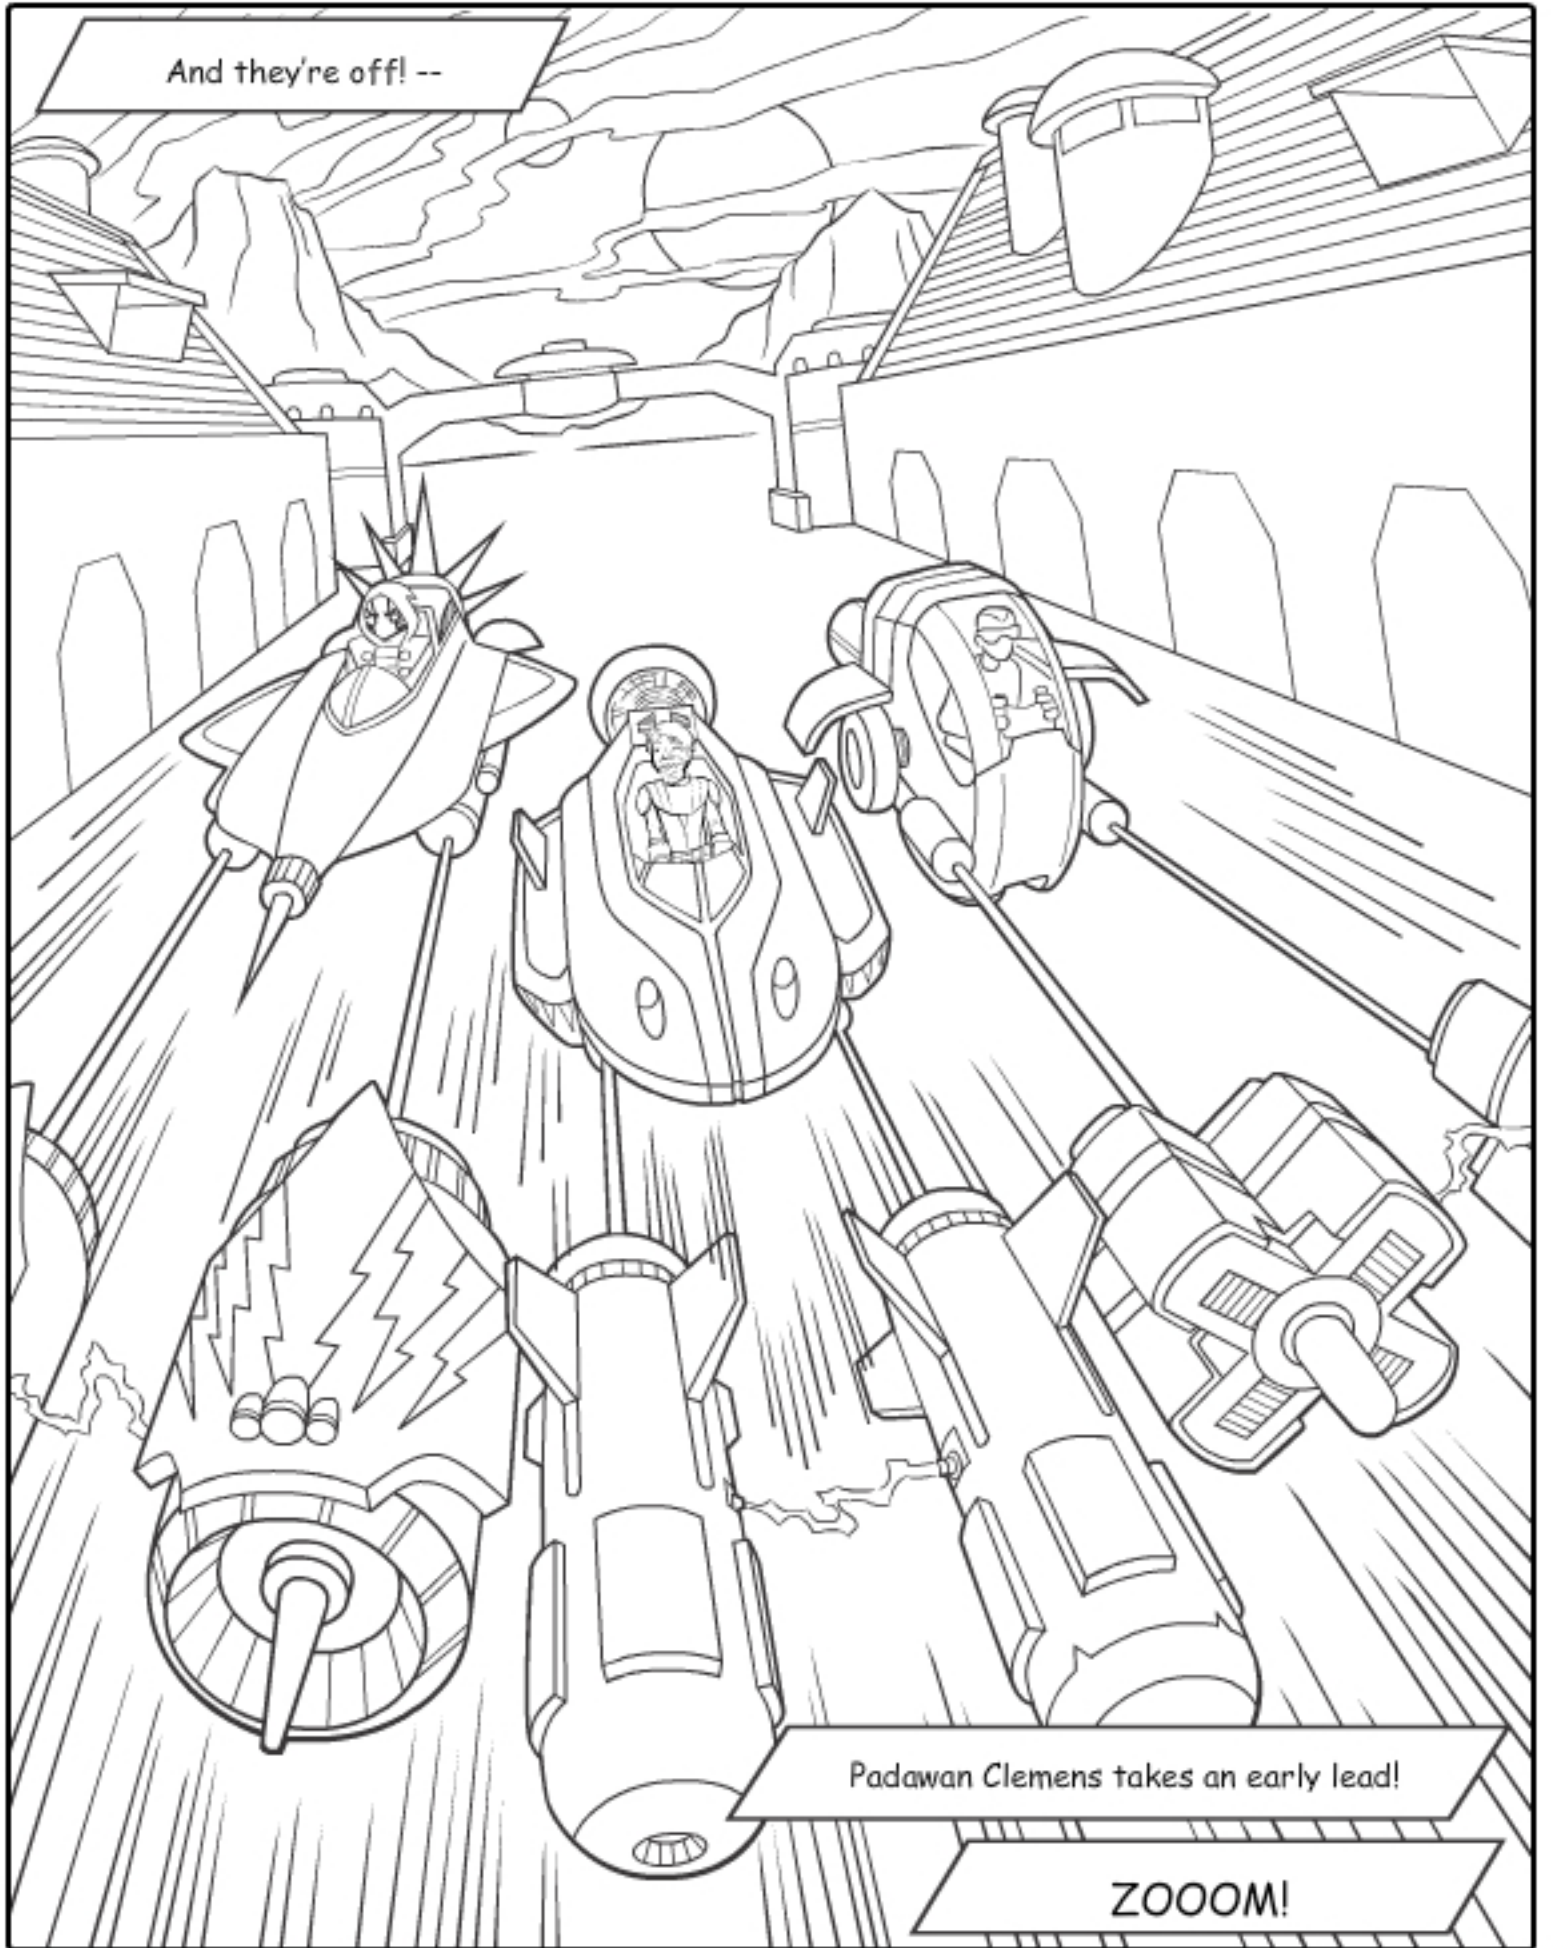

**RACING THE DARK SIDE**

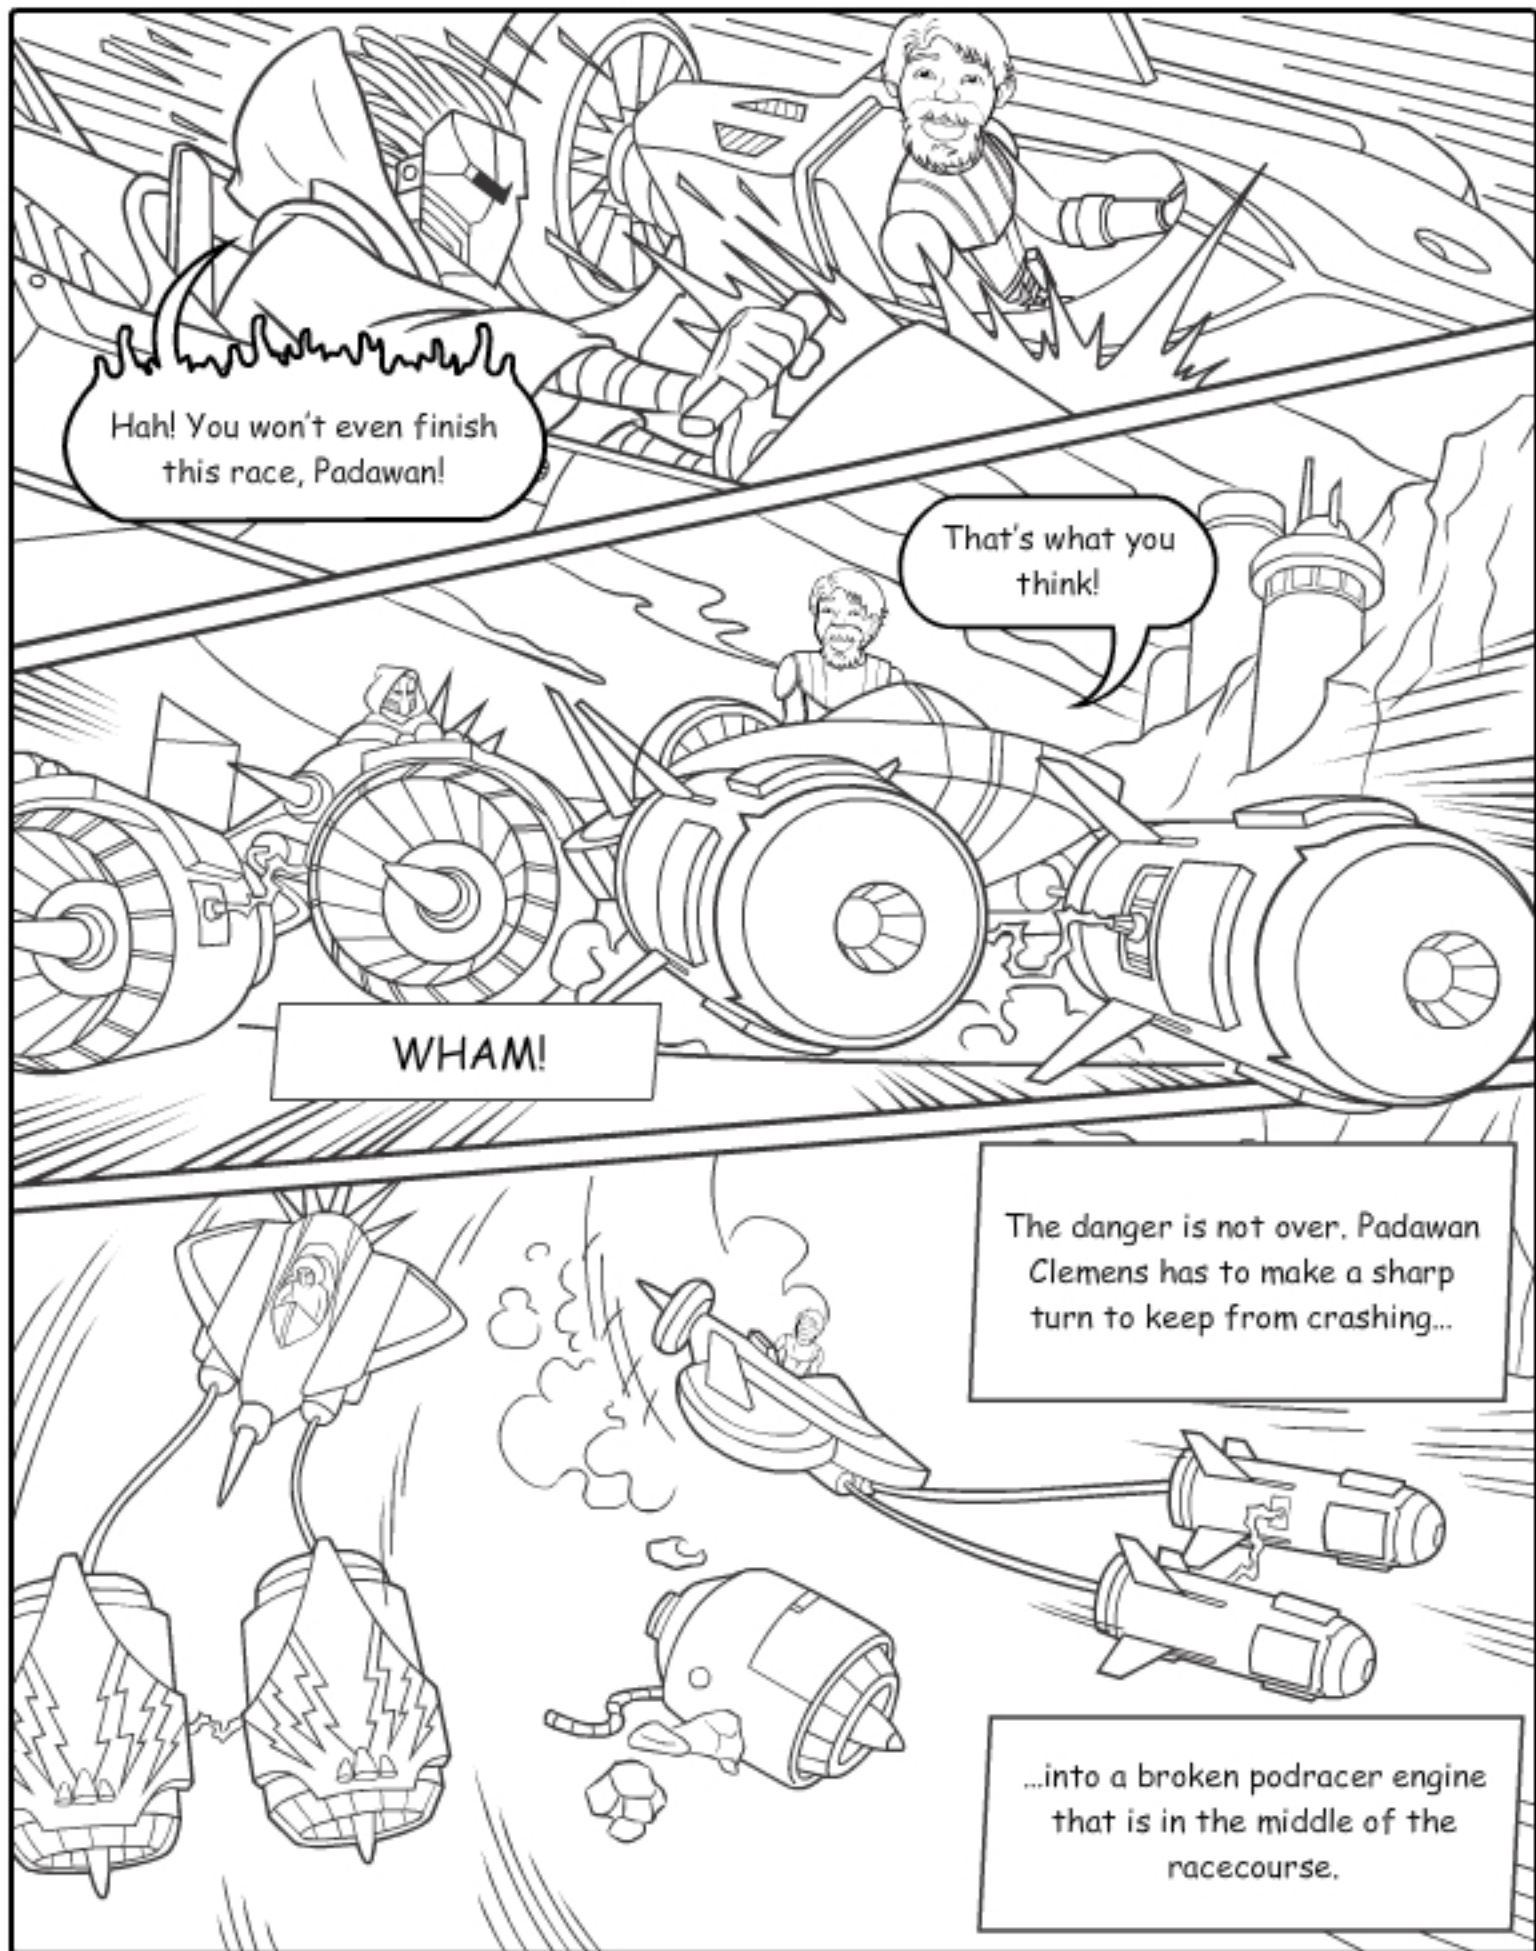

And they're off! --

Padawan Clemens takes an early lead!

ZOOOM!

Hah! You won't even finish this race, Padawan!

That's what you think!

WHAM!

The danger is not over. Padawan Clemens has to make a sharp turn to keep from crashing...

...into a broken podracer engine that is in the middle of the racecourse.

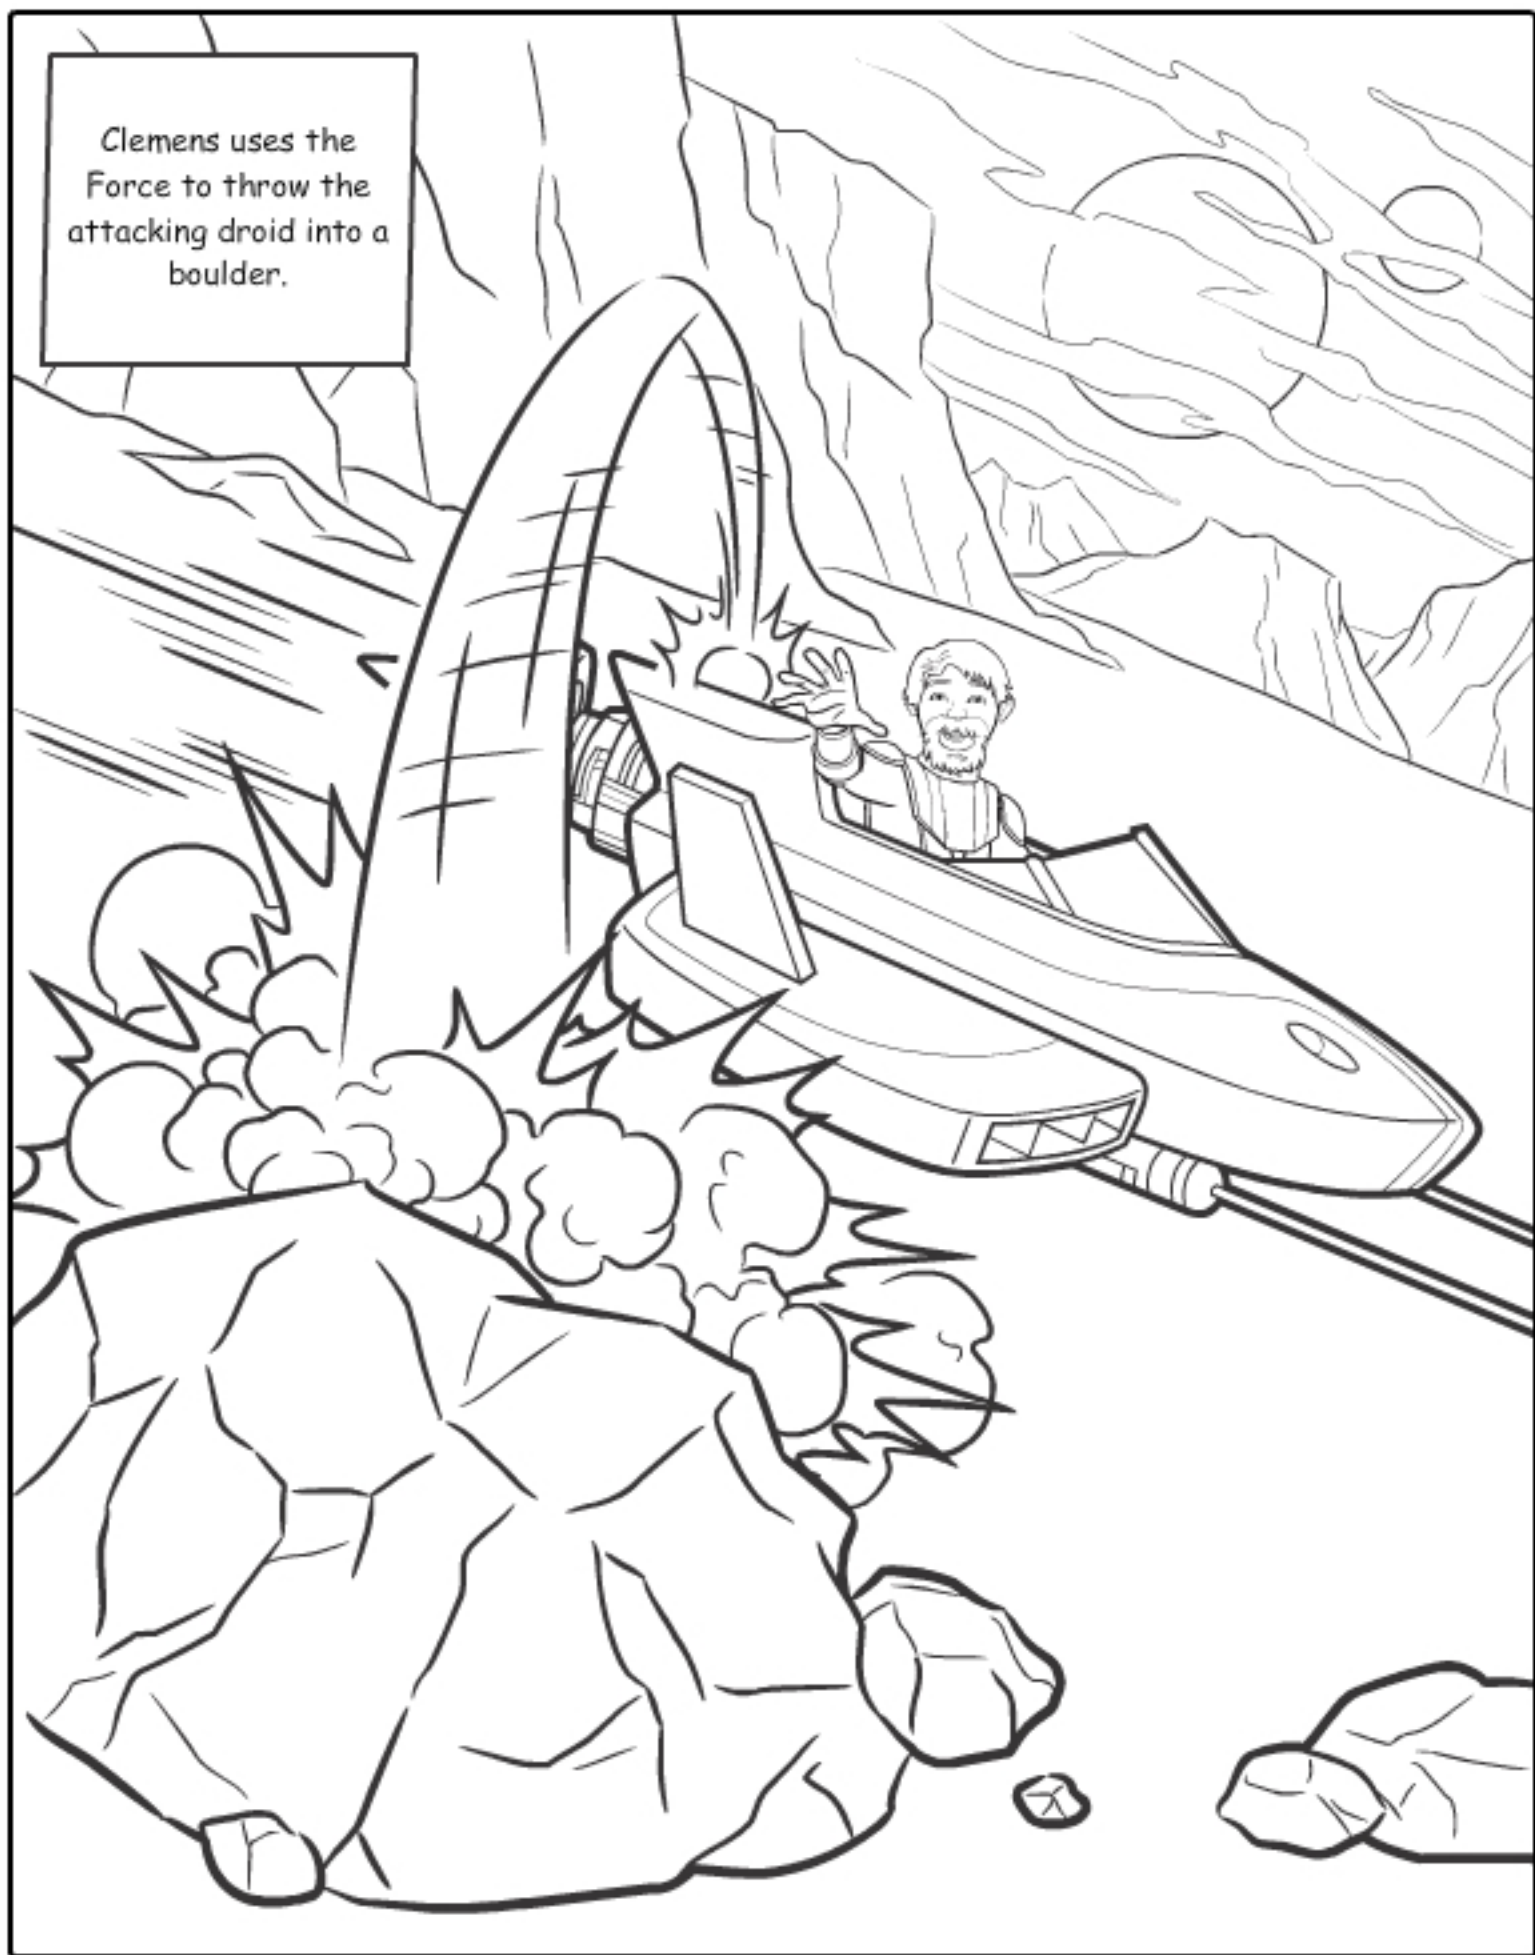

Your Jedi Master has trained you well, But I will win this day!

Don't count on it!

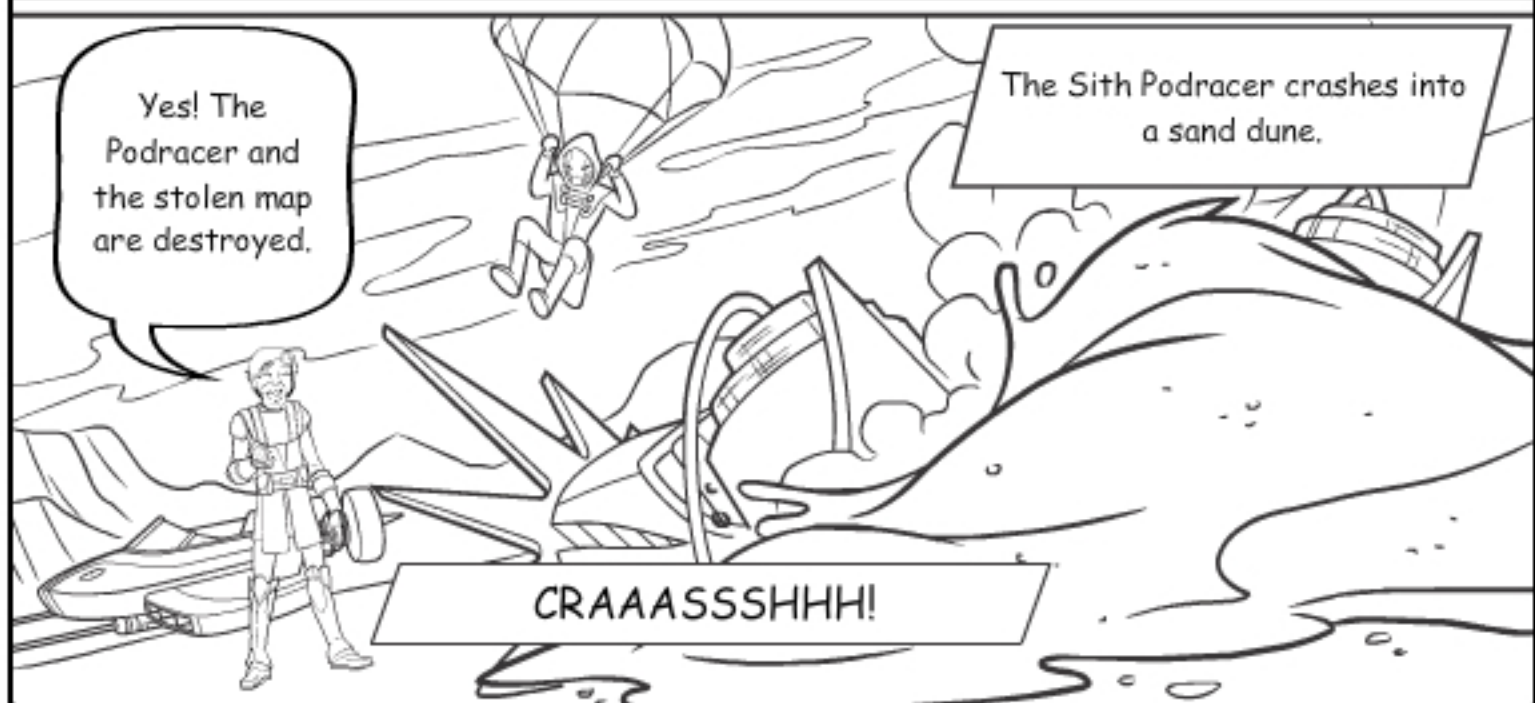

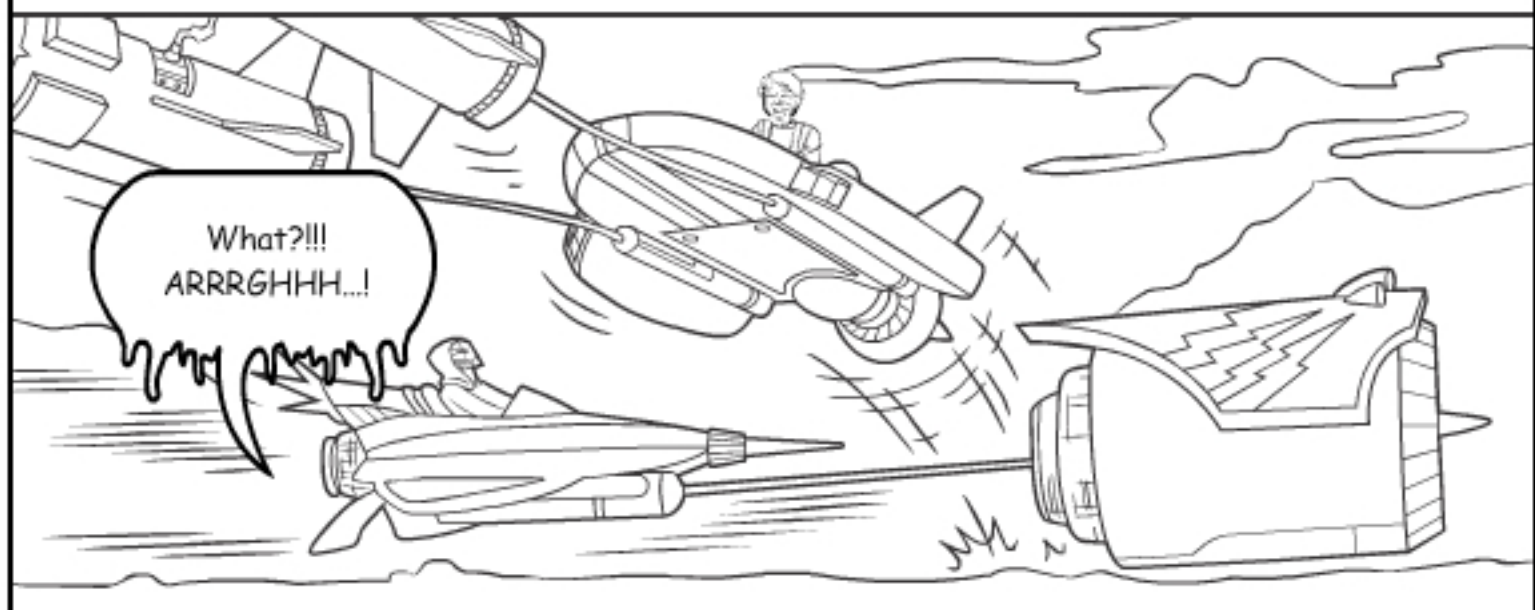

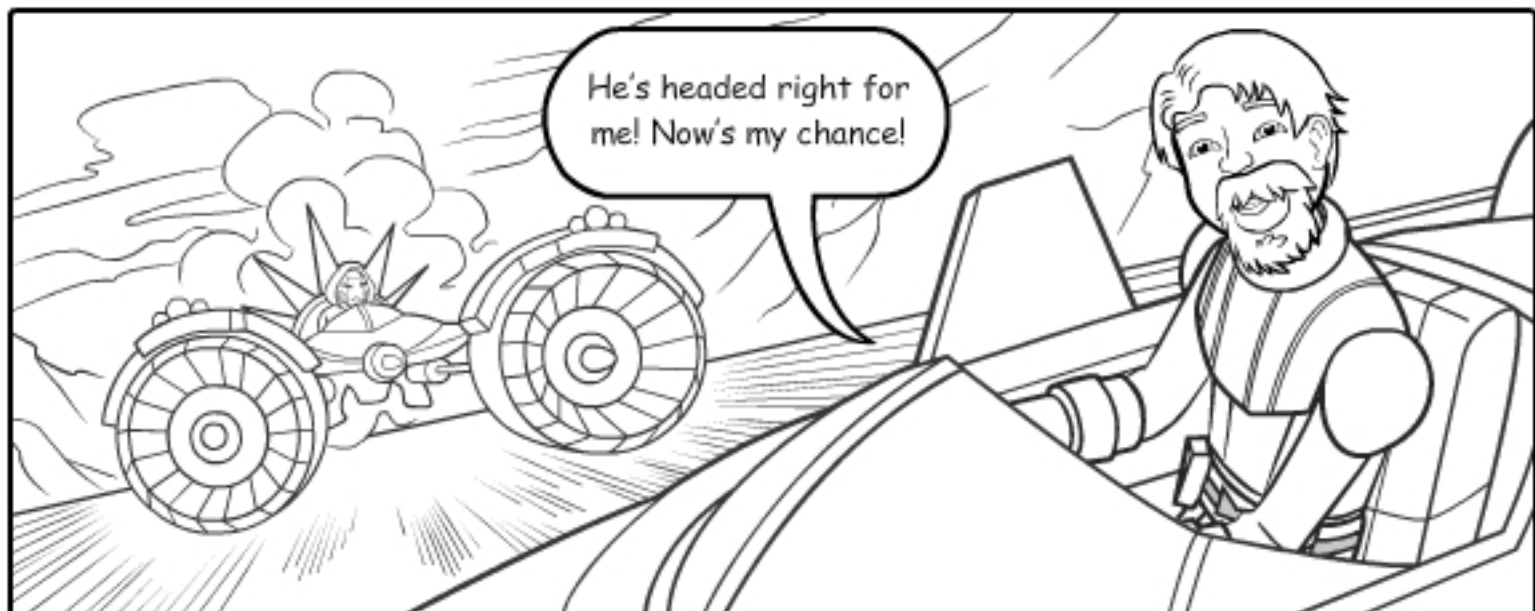

Clemens uses the Force to throw the attacking droid into a boulder.

You'll pay for this, Padawan!

Only if you can catch me, evil one!

Thanks for the lift Jar Jar.

Take me to my Podracer. I have a race to finish!

No! A Padawan has defeated me!

Well done, Padawan.  
You kept the secret  
map out of Sith hands.

And, you won the race,  
too! You will soon be a  
great Jedi.

Thank you, Master  
Skywalker.

The End.
